I. History of the Florida Surplus Lines Service Office (FSLSO)

On October 1, 1997, the Florida Legislature adopted the Florida Statute §626.921, establishing the Florida Surplus Lines Service Office (FSLSO) as a self-regulating, not-for-profit association in which all Florida licensed surplus lines agents are recognized as members.

The mission of the Florida Surplus Lines Service Office (FSLSO) is to facilitate compliance. We provide assistance and information regarding the Florida surplus lines marketplace.

The purposes of FSLSO, as established by Florida Statute include:

- Protecting consumers seeking insurance in this state;
- Permitting surplus lines insurance to be placed with eligible surplus lines insurers;

- Providing a source of advice and counsel for the benefit of insurers in their compliance with the Florida Insurance Code;
- Providing a source of advice to government agencies concerning the operation of the surplus lines insurance market; and
- Protecting the revenues of the state of Florida.

FSLSO was the first paperless Service Office in the country to receive and review all surplus lines placements electronically. III. Insurer Filing Requirements

Electronic Quarterly/Annual Premium Reports or No Business Notification

Pursuant to Section 626.931 (3), Florida Statutes, all foreign surplus lines insurers are required to file quarterly policy information to the FSLSO for policy transactions written during the quarter. The submission of data is due no later than 90 days after the quarter

ends. Alien insurers are required to file annually by June 30 (Section 626.931 (4), Florida Statutes).

Policy information includes specific information about policies underwritten by the insurer such as policy number, effective date, premium amount and insured name. In addition, contact information for the insurer and surplus lines agent for each policy reported is required. Insurers are required to use our online filing platform **Surplus Lines Information Portal (SLIP)** when submitting quarterly or annual premium information to the FLSO. More filing information and instructions are available at www.fslso.com.

A *No Business* notification is required in lieu of quarterly or annual policy information for eligible surplus lines insurers not doing business in Florida. The notification must also be filed through FLSO's SLIP. It should be submitted quarterly for foreign insurers and filed within 90 days after the quarter ends. Alien insurers are required to file annually by June 30 for the previous calendar year.

In the event of a large volume of business to report, the insurer can use FLSO XML Batch file format in SLIP. SLIP also provides features that allow search and submission of policy data, the ability to make corrections to data submitted, the ability to report *No Business*, the ability to submit your Catastrophe Contact Form, and access to various types of reports and the establishment of links that connect the user to pre-selected insurer financial data for surplus lines insurers operating in the state of Florida. Insurer SLIP tutorials are available at www.fslso.com.
